C. Duane Dauner, FACHE
President and CEO
California Hospital Association

C. Duane Dauner was appointed President and CEO of the California Hospital Association (CHA) in 1985. CHA is devoted to statewide representation and advocacy for California hospitals. CHA is one of the nation’s largest state health care associations, representing more than 400 hospitals and health systems.

Mr. Dauner has been active in national hospital and health care issues, serving on numerous American Hospital Association and American College of Healthcare Executives (ACHE) boards and committees. He has authored numerous articles and a book; is a nationally known leader on health issues; and has lectured at several California university graduate programs.

In 2002, Mr. Dauner received ACHE’s highest honor, the Gold Medal Award, and he has been honored by the Partners in Care Foundation, National Health Foundation, UCLA and Health Care Executives of Southern California.

Mr. Dauner was an assistant professor at Washburn University of Topeka, Kansas, prior to beginning his hospital association career at the Kansas Hospital Association in 1966. In 1975, he became President and CEO of the Missouri Hospital Association.

Mr. Dauner holds bachelor and master’s degrees from Wichita State University. He and his wife, Diane, reside in Sacramento, California.

HEALTH CARE
ADVOCACY AGENDA

SUPPORT BUSINESS-FRIENDLY IMPLEMENTATION OF HEALTH CARE REFORM

Los Angeles County has the highest number of people covered under the Affordable Care Act (ACA) with about 1.5 million residents, 15 percent of the population, now insured either through Medi-Cal or a Covered California plan. And with nearly 600,000 health care jobs in the Los Angeles region, the health care industry is vital not only to the well-being of our residents, but to our businesses, workforce and economy.

By increasing access to and improving the quality of health care for Los Angeles’ residents, the ACA highlighted how health care can drive our communities toward economic prosperity while improving quality of life. Not only is the health care industry a major employment sector in Los Angeles, but service providers such as community clinics, health centers, hospitals, health plans, health systems and federally qualified health centers also make a significant contribution to the economic vitality and growth of families in our region, often in some of the most economically challenged areas.

The Chamber aims to educate state and federal representatives on how ACA policy reforms have enhanced the economic prosperity and quality of life of residents in the Los Angeles region. Additionally, we are supporting state policies that encourage a positive business environment, increase access to quality care, maintain network adequacy and stabilize rates and enhance certainty for employers and employees alike.

Proposed Position - Oppose: AB 387 (Thurmond) that expands the definition of employer for purposes of minimum wage provisions to include a person who exercises control over wages, hours or working conditions of a person engaged in a period of supervised work experience to satisfy requirements for licensure, registration or certification as an allied health professional.
  • 2/21/2017 - To Assembly Committee on Labor and Employment

Proposed Position - Support: AB 1092 (Cooley) that restores coverage of one pair of eyeglasses provided every 2 years to an individual 21 years of age or older.
  • 2/17/2017 - Introduced

Proposed Position - Support: SB 17 (Hernandez) states the intent of the Legislature to enact legislation requiring public and private purchasers of health care and health care coverage be given advance notice of price increases for the costs of prescription drugs. (Rebirth of SB 1010 from 2016 ASAC agenda.)
  • 1/12/2017 - SPOT BILL: Language expected to be released Mid-March.

Proposed Position - Support: SB 323 (Mitchell) that allows Federally Qualified Health Centers to become Drug Medi-Cal providers. Co-sponsored with the California Primary Care Association and County of Los Angeles. (Rebirth of SB 1335 from 2016 ASAC agenda.)
  • 2/23/2017 - To Senate Committee on Health
Proposed Position - Oppose: SB 687 (Skinner) that applies existing notice and consent requirements to instances when a nonprofit corporation that operates or controls a health facility plans to sell, transfer, lease or otherwise dispose of a licensed emergency center within a certain period after the consent of the Attorney General.
  • 2/17/2017 – Introduced

Monitoring

No Position - AB 265 (Wood) that would ban patients in California from receiving copayment assistance from a pharmaceutical manufacturer when a cheaper, FDA-approved equivalent exists.
  • 2/13/2017 - To Assembly Committee on Health

No Position - SB 562 (Lara/Atkins) that would establish the Californians for a Healthy California Act, a comprehensive universal single-payer health care coverage program and health care cost control system.
  • 3/2/2017 - SPOT BILL: Language expected to be released Mid-March.
