## Denny Zane, Executive Director Move LA

Denny Zane is Executive Director of Move LA, an organization working to coalesce environmental, labor, business, community and student leaders and organizations to ensure sufficient funding to provide a clean, efficient, and robust transit system for Los Angeles County. Move LA played a key role in moving Measure R, which provided for a ½-cent sales tax increase for transportation purposes, onto the Los Angeles County ballot and will generate nearly \$40 billion in new transportation dollars over 30 years.

Zane is also formerly the Mayor and for 12 years a city councilmember in Santa Monica, California, and formerly Executive Director of the Coalition for Clean Air.
