PAUL SORENSEN, PH.D.
OPERATIONS RESEARCHER
RAND CORPORATION

Paul Sorensen's areas of research and expertise include transportation planning and policy, land use, energy systems, environmental sustainability, infrastructure finance, and emergency response logistics.

Recently he has completed work on traffic congestion in Los Angeles, costs and benefits of endangered species habitat conservation in Riverside County, and assessment of the preparedness of local and state health departments.

He received a Ph.D. in geography from the University of California, Santa Barbara, an M.A. in urban planning from the University of California, Los Angeles, and his B.A. from Dartmouth College.
